

Peace Across the Planet  
Two Harbors Grandfather Shiva Lingam Listening  
August 2009

*“Empty yourself.*

*All day long (and all night too), humans hold so many thoughts—  
some of them utterly gorgeous to behold,  
some of them utterly unneeded and cluttering.*

*When you come here to stand with me  
root into the very Earth Mother beneath our feet,  
holding us kindly—  
body and soul.*

*Empty yourself.*

*Empty everything.  
so your being comes and goes from your Center Stillness  
utterly freely.*

*The ritual we offer now  
profoundly roots  
whatever you do need~  
Peace  
Empathy  
Endless Acceptance.*

*Empty yourself.*

*Let us root into our beings  
and into the Earth Mother  
offering what is needed  
and what is  
Love.”*
