

Peace Across the Planet
Shiva Lingam Listening October 2009

*“The Earth Mother’s heart quickens.
Her body reaches into itself to know more
transformation.*

*It is the season for all willing, evolving beings
to join her.*

*Feel your heartbeat.
Stretch it out across time and space
to synchronize with the Earth Mother’s.*

*Wait until you hear them as one,
then reach your willingness and love into your body.
Speak with it.
Listen to it.
Learn its infinite secrets—
that have just been waiting to be
opened.*

*Now we are growing and spiraling our wonder
inside
and
outside
our beautiful bodies, at once,
just like the Earth Mother.*

*Yes, we are free to be
more magnificence
more peace
more love
always and forever*

just like the Earth Mother.”
