

Peace Across the Planet  
Gatineau Shiva Lingam Listening March 2009

*"I am here.*

*You look all around for peace.  
I am right here.*

*When your running away from love  
exhausts you to the marrow,  
I proffer you deep roots,  
poems of your magical lives  
and eternity to dance in.*

*That is my life.  
That is my way of marrying Spirit and Body  
which are never apart.*

*Feel this  
as you stand before me.*

*My gifts I lay at the rainbow of your heart.*

*They find you throughout an eternity of  
willingness."*
