

Peace Across the Planet
Silver City Shiva Lingam Listening January 2009

"Root yourself now.

*Usually, you run around confused and
unhappy—
aching to know how to fulfill yourself.*

*Reach down into the Earth Mother.
Fill your roots into the space
she holds tenderly just for you.*

*You fit together.
You belong in union,
through bodies,
beyond words.*

Accept this as you wish.

*Your body knows this
for the truth that it is.*

*Reach into your toes.
Find your home there.
Then listen
more.*

*Listen to these wordgifts
with your roots
first.*

*They will guide you.
They will delight you.
They will offer you ways of
filling yourself with more love than ever has been
imagined~*

*Ground yourself.
Root into the Mother.
All will kindly clarify itself within you
and around you
naturally.*

*That is your most immediate link
to lifeforce.*

*Yet you cannot receive its overflowing bounty
if you are a stranger
to your own body.*

*I come to you
freely
to support you,
to love you beyond the world of Stonebeings.
I love you as sisters and brothers
of the Earth Mother.*

We are home together.

I am ever in and with my body.

*That is why you gather around me.
Your bodies are simply calling out the way
home.
Home is always peace.*

Welcome. We are all here, now."
